She accompanied herself in song, in a falsetto tone, a species of whine, not altogether so discordant as that of the Chinese, yet merely bearable from its strangeness. The sister now joined in a duett, one endeavoring to outshrick the other. Our lder hosts were in raptures with the performance, and they wandered at our stolidity; but our ears had been not endure the finest Japanese singers. Finding the ladies so obliging, we prevailed upon one to play while the other danced. The performance was peculiar; she went round the apartment as in a slow waltz, making gracemiling most agreeably, and bowing towards us as she went round. They were attired in richly embroidered silk; a loose tunic, with wide sleeves, was fastened round the waist cornered flat board, covered with parti-colored silk. The married ladies were attired in robes of a fabric resembling cashmere, and of a sombre lavender color. After ton they introduced pipes and some light wine. The Japanese tobacco is very mild and without flavor, so we requested that they would permit us to light cheroots instead, according to our own custom. Howard. ng machine, at the medium price of seventy-five dollars .-It is adapted to all family purposes, and is sufficiently large and powerful for many of the lighter branches of manufacture. As a sewing machine, to perform all the services remi ed in a private family, this machine possesses such eminent advantages, that it is certain to give the firm of Singer & Co., the same unequalled reputation for superiority in the private domestic circle which they have uniformly maintained in every branch of useful manufactures.

Those of the subscribers to the "Journal" who are planters, are advised to buy none of the low priced Sewing Mahines, so many of which are advertised. Get one of Singer's Machines and you have no trouble, but on the contrary. the investment will pay a large daily dividend. A servant of ordinary intelligence can operate the machine and earn from two to three hundred dollars per annum.

We stepped in at Baldwin's a few days since, and were much pleased at the exhibition we saw-the working capacity of these wonderful Machines. The heaviest sole leather and the lightest gauze fabrics sewed by the same Machine, and over 1000 stickes per minute! THE GREAT WONDER OF THE NINETEENTH CENTURY, PROFESSOR WOOD'S HAIR RESTORATIVE

Says the St. Louis, (Mo.) Democrat : Below, we publish a letter to Dr. Wood, of this city, from a gentleman in Maine, which speaks glowingly of the superior merits of his hair tonic. Such evidences must have its effect, when coming from a reliable source. If certificates are guarantees of truth, the Dr. needs no enconium, nor useless puffery from the

I was induced to make application of it upon my own hair. which had become quite gray, probably one-third white my whiskers were of same character. Some three months since I procured a bottle of your hair restorative, and used it. I soon found that it was proving what I had wished .-I used it about twice a week. I have since procured another bottle, of which I have used some. I can now certify to the world that the gray or white hair has totally disappeared, both on my head and face, and my hair has resumed its its natural color, and I believe more soft and glossy than it has been before for twenty-five years. I am now sixty years all new and warranted perfect in each and every respect, at old; my good wife at the age of fifty-two, has used it with

same effect. The above notice I deem due to you for your valuable discovery. I am assured that whoever will rightly use, as per directions, will not have occasion to contradict my statements. I am a citizen of this city and a resident here for the last fifteen, years; and am known to nearly every one here and adjoining towns. Any use you may make of the above, with my name attached, is at your service, as I wish to preserve the beauties of nature in others as well as my self. I am, truly, yours, A. C. RAYMOND. Валтимоке, Јап. 23, 1858.

WOOD'S HAIR RESTORATIVE. Professor Wood-Dear Sir: Having had the misfortune to ose the best portion of my hair, from the effects of the yel low fever, in New Orleans in 1851. I was induced to make a trial of your preparation, and found it to answer as the very thing needed. My hair is now thick and glossy, and no words can express my obligations to you in giving to the afflicted such a treasure. FINLEY JOHNSON. The undersigned, Rev. J. K. Bragg, is a minister in regular standing, and pastor of the Orthodox Church at Brook field, Mass. He is a gentleman of great influence and un iversally beloved.

Brookfield, January 12, 1858. Professor Wood-Dear Sir: Having made a trial of your Hair restorative, it gives me pleasure to say, that its effect has been excellent in removing inflamation, dandruff and a constant tendency to itching with which I have been trouled from my childhood; and has also restored my hair, which was becoming grav, to its original color. I have used no other article with anything like the same pleasure or profit.

Yours truly, J. K. BRAGG.

The Restorative is put up in bottles of 3 sizes, viz: medium and small: the small holds 1/2 a pint, and retails for one dollar per bottle; the medium holds at least twenty per cent. more in proportion than the small, retails for dwo dollars per bottle; the large holds a quart, 40 per cent. more in o.
